

OrangeREADS 2021

The Body: A Guide for Occupants by Bill Bryson

OLA and the OrangeREADS committee invite your library to participate in OrangeREADS 2021.

Please plan to support the project thru local health and wellness related programming and book discussions. In August, OLA will be providing each Orange County Library with ten standard print copies and one large print copy. OLA will also purchase eAudio copies of the book for OverDrive. The committee will create an activity board for patrons with health-related prizes.

The headline event, **Author Bill Bryson in conversation with Penguin Random House editor Gerald Howard**, will take place via Zoom Webinar on Sunday October 17th at 1:00PM.

If you have any questions or are interested in joining the committee, please email Diane Loomis at dloomis@rcls.org.
